LIMITLESS LIVING

Dear All,

A reputed manufacturing company located in Chandanvelly Industrial Park, Hyderabad, is inviting applications for the role of CNC Machine Operator. This is an excellent opportunity for ITI pass-outs who are eager to start their careers in a dynamic, growth-oriented manufacturing environment.

Position: CNC Machine Operator

Department: Quality Control & Production

Location: Chandanvelly Industrial Park, Chandanvelly, Shabad, Rangareddy, Hyderabad

Vacancies: 20

Experience: Fresher

Qualification: ITI – Fitter / Turner / Machinist / CNC Operator

Salary: ₹15,000 – ₹20,000 per month + Accommodation

Job Summary:

We are looking for enthusiastic and technically skilled ITI pass-out candidates to join our production team as CNC Machine Operators. This entry-level role is ideal for freshers who are passionate about precision machining and are ready to learn and grow in a manufacturing setup.

Key Responsibilities:

- Operate CNC machines (Turning / Milling / VMC / HMC) as per instructions.
- Load and unload components in the machine.
- Understand and follow machining drawings, work instructions, and safety procedures.
- Measure components using Vernier Caliper, Micrometer, and other basic instruments.
- Ensure proper tool settings and maintain required tolerances.
- Report machine or quality issues to the supervisor.
- Maintain cleanliness and discipline on the shop floor.

Required Skills:

- Basic knowledge of CNC machines and operations.
- Understanding of engineering drawings and measuring instruments.
- Willingness to work in shifts and production environments.
- Eagerness to learn and adapt to manufacturing processes.

Additional Information:

Training will be provided during the initial weeks.

Shift allowance and overtime applicable as per company policy.

Performance-based growth and learning opportunities are available.
